

# Cowboy

## composite hazmat containers

The Pipeline Cowboy is the industry's original composite corrugated container that rewrites the rules for packaging your regulated and non-regulated materials. Renowned by field operators as the easiest to use and the most reliable knockdown container on the market, the Cowboy combines the best features with great value.

### FEATURES & BENEFITS

- The continuous fiberboard sleeve is bonded to woven coated polypropylene guaranteeing protection from the elements and increasing overall container strength by as much as 1.25X compared to pocket design containers
- Scored sides allow the container to knock down and lay flat when not in use, reducing freight and warehouse cost up to 30% vs. corrugated boxes
- Optional lab pack exempt
- Pre-installed liner ensures a proper fit, reduces undue stress on the liner, and eliminates missing components
- The optional SureFit reinforcing truss system eliminates side wall bulge and offers outstanding stackability

### PRODUCT SPECIFICATIONS

Packaging Identification Code	11HG2W
Max Gross	2,400 lbs
Volume/Dimensions	Volume 27 ft <sup>3</sup> – Width 36" (914.4 mm) – Length 36" (914.4 mm) – Height 36" (914.4 mm)
Closure/Top Description	Open Top Duffled Liner w/Reinforced 2-Flap Cover
Exterior	UV Treated High Density Woven Polypropylene
Structure	Multi-Layer Fiberboard
Liner	Low Density Polyethylene
Pallet Quantity	25 units
Tare Weight	22 lbs
